

## ABU DHABI FOOD CONTROL AUTHORITY

The Abu Dhabi Food Control Authority (ADFCA) is one of the most internationally recognized food and agriculture organization that contributes to the well-being of the community.

## THE PROBLEM

Abu Dhabi is one of largest and most important centers of global trade for import and re-export of foodstuffs.

For this reason, in 2005, was established the **Abu Dhabi Food Control Authority (ADFCA)** to ensure food safety and consumer care as envisioned by the Emirate's wise leadership.

Due the high daily number of food traders and the transactions, the **ever increasing number of information** about the quality of food for human consumption and the researches and studies on food it was **no more easy to manage all these information** by a traditional shelving system.

### KEY CHALLENGES:

- An increasing number of documents to archive.
- Protection of sensitive information from unauthorized access.

## THE SOLUTION

**27 mobile bases COMPATTA<sup>Light</sup>** have been installed to archive hanging files developing a total of 1,600 linear meters of archive capacity.

The **shelving is equipped with removable drawers** to store documents in several types of hanging files. The files are easily accessible from above.

### TECHNICAL DATA:

|                       |                                |
|-----------------------|--------------------------------|
| Model                 | Mechanical handwheel           |
| Items                 | Hanging files                  |
| No. of mobile bases   | 27                             |
| Maximum load for base | 5,000 kg                       |
| Dimensions (WxDxH)    | 4,740 / 5,240 x 885 x 2,250 mm |
| Archive capacity      | 1,600 lm                       |

### KEY BENEFITS:

- Quicker access to the archived documents
- High level of protection of the documents from dust and unauthorized access
- Maximum exploitation of space
